EXTRAS -

- **SOUND SYSTEM FOR CEREMONY - \$300** (Totally separate from other gear, includes up to
4 wireless LAVALIER clip on microphones, and 2 reader microphones on stands)

- **SATELLITE SPEAKERS - \$150 each**. – Sometimes the venue won't have a system
outdoors on a patio, or in a foyer or hallway. Or, you may want to "fill" the reception room with
consistent sound that is not too loud in one area, and too soft in another. We can provide
these speakers, with a wireless connection to the DJ booth, for a clean and easy set up.

- **DANCE FLOOR LIGHTING - \$350** (8 "intelligent" light FX fixtures), tripod stand with "T" bar,
lights sync with music. Very popular and effective for helping to create party/dance
atmosphere.

- **DECORATIVE UPLIGHTING - \$200 - or \$20 per LED can**. Each LED FIXTURE may be any
color you wish. They work great in corners, behind bar, behind cake, or to light columns,
bushes, under trees, etc.

- **GAMES AND PRIZES – FROM \$75 TO ???** – When we DJ children's parties, Mitzvahs, or
other events that will involve games and interaction with children, we are happy to purchase
prizes and props tailored to your event. You give us the budget you are comfortable with, and
we will make sure everything we purchase is child friendly, and safe for all ages.

WHAT'S INCLUDED IN A STANDARD DJ SETUP?

- 2 Mackie SRM450 powered 400 watt speakers
- 1 or 2 JBL SRX 18 inch SUB Cabinets powered by 1500 watt Crown amps
- Pro wireless handheld microphone – Sennheiser, for your use
- Numark NS7 state of the art DJ controller with Apple Macbook Pro running Serato, with 500 GB hard drive filled with library of 30,000 songs
- Portable black booth and skirting for speaker stands and light tree stand
- Numark Dual CD player (used as back up) (we maintain a large music library on CD as backup, and also all of your requests and special songs are backed up on CD.)
- Macbook with ATT Internet connection, to download requests we may not have (rare, but can happen)
- Up to date music library, with the latest in Top 40, Urban, Country, Dance, and Rap/Hip Hop. (www.promoonly.com) We subscribe to multiple genres with Promo Only, and if there exists a clean radio edit version of a top 40 song, we will have it.
- Backup speakers/amps/microphone, CD's, cables/Mixer. Any Pro working mobile dj brings backup gear to all weddings.

LIVE MUSIC VS DJ MUSIC

- A good DJ is less expensive, yet has access to virtually any recording needed to make for a great time for you and your guests. A Band is exciting, somewhat novel, more expensive, will def. play fun dance songs, but selections are limited. A band also must take breaks. DJ DOES NOT take breaks!
- Live music for ceremony and cocktails will make a considerable impact on your event, and truly make for a memorable occasion. For dancing however, our experience as both players and DJs, tells us that the songs and the mixing are key to a great dance party....dancers usually don't care whether it is live or not. If budget is a concern, go the DJ route for dancing, and communicate your vision to the DJ to make sure you are on the same page.
- **LIGHTING** – icing on the cake! Our lighting is priced attractively to make it easy to decide. Adding lighting can enhance the look of your event drastically, and if you don't need a ton of it, we can provide you with exactly what you need without the pricing of going to large lighting company. If you do need more than we can offer, we can point in the right direction with regards to lighting companies, just ask!
